(incorporated with limited liability in Norway)

€3,000,000,000

Euro Medium Term Note Programme

Under the €3,000,000,000 Euro Medium Term Note Programme (the **Programme**) of Sparebanken Vest (the **Issuer**) the Issuer may from time to time issue Notes denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

As more fully described herein, Notes may be issued (i) on an unsubordinated basis (**Senior Preferred Notes**), (ii) on a non-preferred basis (**Senior Non-Preferred Notes**) or (iii) on a subordinated basis with a fixed maturity (**Dated Subordinated Notes**), each as provided in "Terms and Conditions of the Notes" herein.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "**Overview of the Programme**" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

An investment in Notes issued under this Programme involves certain risks. For a discussion of these risks see "**Risk Factors**".

Application has been made to the Commission de Surveillance du Secteur Financier (the **CSSF**) in its capacity as competent authority under the Luxembourg Act relating to prospectuses for securities (*Loi relative aux Prospectus pour valeurs mobilières*) to approve this document as a base prospectus for the purposes of Directive 2003/71/EC as amended (which includes the amendments made by Directive 2010/73/EU and any relevant implementing measure in a relevant Member State of the European Economic Area) (the **Prospectus Directive**). The CSSF assumes no responsibility as to the economic and financial soundness of the transactions contemplated by this Base Prospectus and the quality or solvency of the Issuer in accordance with Article 7 (7) of the Luxembourg Act dated 10 July 2005 on prospectuses for securities (the **Prospectus Act 2005**). Application has also been made to the Luxembourg Stock Exchange for the Notes (issued under the Programme) to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. References in this Base Prospectus to Notes being "**listed**" (and all related references) shall mean that such Notes have been admitted to trading on the Luxembourg Stock Exchange's regulated market and have been listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU).

Copies of this Base Prospectus, each Final Terms relating to Notes which are admitted to trading on the Luxembourg Stock Exchange's regulated market and each document incorporated by reference are available on the Luxembourg Stock Exchange's website, www.bourse.lu.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in a final terms (the **Final Terms**) which, with respect to Notes to be listed on the Luxembourg Stock Exchange, will be filed with the CSSF. Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market. The CSSF has neither approved nor reviewed information contained in this Base Prospectus in connection with issues of Notes not to be listed on the Luxembourg Stock Exchange.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplement to this Base Prospectus, a drawdown prospectus or a new base prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Issuer has been rated A1 (stable outlook) by Moody's Investors Service Ltd. (**Moody's**). The Programme has been rated A1 by Moody's. Moody's is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such Moody's is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Moody's. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable under the Notes may be calculated by reference to LIBOR, EURIBOR, SIBOR, TIBOR, HIBOR or the Bank of England Base Rate as specified in the relevant Final Terms. As at the date of this Base Prospectus, (i) the administrator of LIBOR is

included in ESMA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 (the **Benchmarks Regulation**) and (ii) the administrators of EURIBOR, SIBOR, TIBOR, HIBOR and the Bank of England Base Rate are not included in such register. As far as the Issuer is aware, the Bank of England Base Rate does not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of that regulation and the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that European Money Markets Institute (as administrator of EURIBOR), ABS Benchmarks Administration Co Pte Ltd (ABS Co.) (as administrator of SIBOR), JBA TIBOR Administration (as administrator of TIBOR) and The Hong Kong Association of Banks (as administrator of HIBOR) are not currently required to obtain authorisation/registration (or, if located outside the European Union, recognition, endorsement or equivalence). In such cases, a statement will be included in the applicable Final Terms as to whether or not, at the time of issue of the relevant Note, the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation.

IMPORTANT INFORMATION

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive.

The Issuer (the Responsible Person) accepts responsibility for the information contained in this Base Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "Documents Incorporated by Reference" below). This Base Prospectus shall be read and construed on the basis that such documents are incorporated by reference and form part of this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus, any other information provided by the Issuer in connection with the Programme or for any acts or omissions of the Issuer or any other person in connection with the issue and offering of Notes. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, inter alia, the most recently published documents incorporated by reference into this Base Prospectus when deciding whether or not to purchase any Notes.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any

applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes outside the European Economic Area or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area, Norway, the United Kingdom and Japan, see "Subscription and Sale".

This Base Prospectus has been prepared on the basis that would permit an offer of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) only in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus. As a result, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State) must be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer of Notes in that Relevant Member State may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the **Prospectus Directive**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

The rating of certain Series of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation) will be disclosed in the Final Terms.

An investment in the Notes is not an equivalent to an investment in a bank deposit. Although an investment in Notes may give rise to higher yields than a bank deposit placed with the Issuer, an investment in Notes carries risks which are very different from the risk profile of such a deposit. Unlike a bank deposit Notes are transferrable. However, Notes may have no established trading market when issued, and one may never develop.

Notes are unsecured and (in the case of Dated Subordinated Notes) subordinated obligations of the Issuer. Investments in Notes do not benefit from any protection provided pursuant to Directive 2014/49/EU of the European Parliament and of the Council on deposit guarantee schemes or any national implementing measures implementing this Directive in any jurisdiction. Therefore, if the Issuer becomes insolvent or defaults on its obligations, investors investing in the Notes in a worst case scenario could lose their entire investment.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the Securities Act) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see Subscription and Sale below).

All references in this document to "U.S. dollars", "U.S.\$" and "\$" are to United States dollars and all references to "NOK" are to Norwegian Kroner. In addition, references to "Sterling" and "£" refer to

pounds sterling and to "euro" and "€" refer to the currency introduced at the start of the third stage of the European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN THE APPLICABLE FINAL TERMS MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

Banking Markets

The Norwegian wholesale and retail banking markets are highly competitive, with several factors affecting the Issuer's ability to attract customers, including interest rates offered, financial strength and ratings, range of services and brand strength and name recognition.

The Issuer believes competition will intensify in response to consumer demand, technological advances, the impact of consolidation, regulatory actions and other factors. The Issuer's financial position may be adversely affected as a result of such competition and will depend significantly upon the Issuer's capacity to anticipate and respond appropriately to these competitive pressures.

Norwegian Property Market

One of the Issuer's activities is mortgage lending. A downturn in the Norwegian economy could have a negative effect on the property market particularly, in the case of house mortgages, if this results in an increased level of unemployment or significantly higher interest rates. Values of property are affected by changes in general economic conditions (such as interest rates and inflation activity), the condition of financial markets, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices, among other factors. The value of the real estate portfolio may also fluctuate as a result of external factors, such as changes in general political conditions, potentially adverse tax consequences, changing environmental standards and higher accounting and control expenses. Such a downturn in the property market may result in losses being incurred by lenders such as the Issuer on loans that have defaulted. This could have consequences for the Issuer's funding costs and credit ratings if there was deemed to be a material deterioration in the quality of the mortgage portfolio.

Norwegian fishing, offshore oil service and shipping markets

Fisheries, fish farming, offshore oil services and shipping are important sectors of economic activity in Western Norway, where a majority of the Issuer's private and corporate customers are located. A reduction in activity or profitability in these historically cyclical sectors could have an adverse effect on the Issuer's financial position. The Issuer's private clients may suffer from the weakened regional employment market in terms of higher unemployment or lower labour compensation levels whereas the corporate clients' ability to meet their outstanding financial obligations to the Issuer could be adversely affected through the decreased earnings potential as well as a potential drop in the value of the collateral.

Regulation

The Issuer is regulated by The Financial Supervisory Authority of Norway (*Finanstilsynet*) (**FSAN**). The regulatory regime requires the Issuer to be compliant across many aspects of its business, including, but not limited to, capital adequacy, solvency margin, the training, authorisation and supervision of personnel, systems, processes and documentation. If the Issuer fails to be compliant with relevant regulations, there is a risk of an adverse impact on the business of the Issuer, its results of operations and/or financial condition due to sanctions, fines or other action imposed by the regulatory authorities. Regulatory proceedings or investigations could also result in adverse publicity for, or negative perceptions regarding, the Issuer, as well as diverting management's attention away from the day-to-day management of the business.

In addition, financial services laws, regulations and policies currently affecting the Issuer may change at any time and any such change may have a material adverse effect on the Issuer's business. Furthermore, the Issuer will not always be able to predict the impact of future Norwegian legislation or regulation, or changes in the interpretation or operation of existing legislation or regulation on its business, results of operations and/or financial condition. Further changes to Norwegian financial services legislation or regulations may be enacted and such changes could have a material adverse effect on the Issuer's business, results of operations and/or financial condition and may result in increased costs to the Issuer due to it being required to set up additional compliance controls or due to the direct costs of compliance.

Economic activity in Norway

The Issuers' residential mortgage lending activities are dependent on the level of finance required by residential borrowers in Norway. In particular, levels of borrowing are heavily dependent on residential property prices, employment trends, the state of the economy, market interest rates, taxation, mortgage lenders' levels of income and other factors that affect the Norwegian economy. As the Issuer currently conducts the majority of its business in Norway, its performance is influenced by the level and cyclical nature of business activity in Norway, which is in turn affected by both domestic and international economic and political events. There can be no assurance that a weakening in the economy of Norway will not have an adverse effect on the Issuer's future results.

Financial instruments issued by the Kingdom of Norway are rated "AAA" by S&P, "Aaa" by Moody's and "AAA" by Fitch. Norway has relatively strong public finances and macroeconomic fundamentals (for example a competitive export sector, a high level of investment in natural resources such as oil and gas, a low unemployment rate (currently 3.5 per cent. according to the labour force survey from Statistics Norway from March 2019¹) and a moderate rate of inflation (2.6% Underlying CPI (ATE adjusted for tax changes and excluding energy) year-over-year as of April 2019², according to Statistics Norway). Interest rates in Norway have been historically low during the last years, and creditworthiness of Norway is supported by financial assets accumulated through investing the revenues arising from oil and gas extraction, a well-educated labour force and a high standard of living.

Risks relating to the Norwegian mortgage market

Relatively low interest rates and a strong increase in disposable income have led to a continued strong growth in demand for loans, especially in the residential mortgage market. Strong growth in levels of indebtedness has increased the potential financial vulnerability of some mortgage borrowers, especially some of the young and/or low-income households. Furthermore, the prevailing high activity levels in the building of new homes could affect the price level of the existing buildings. A change in these factors can cause a material adverse effect on the Issuer's business, results of operations and/or financial condition.

Financial Risks

Control of financial risk is one of the most important risk factors for financial institutions. Financial risk includes credit, liquidity, operational and market risk. Failure to control these risks can result in material adverse effects on the Issuer's financial performance and reputation.

Credit risk

Credit risk is the risk of losses if the Issuer's customers fail to meet their payment obligations to the Issuer. A failure by the customers to meet their obligations could have a material impact on the Issuer's financial position. The Issuer is exposed to credit risk through loans, credit facilities, guarantees, letters of credit and various derivative transactions with retail market and corporate market customers.

The Issuer's credit strategy, which is adopted annually by the Board of Directors, sets out credit strategy guidelines and principles for the management of credit risk, as well as overriding parameters for the rate of return, quality, growth and concentration. Even though the credit policy specifies the strategic credit guidelines and includes requirements for the composition of and limits on different customer, product and market segments etc., concerns as to the credit worthiness of, or a default by, customers could lead to significant liquidity problems.

Market risk

Market risk is the risk of a loss on a financial instrument as a result of changes in market variables and/or market conditions within a specified timeframe. Market risk in ordinary banking operations is of limited scope and is largely related to interest rate risk and credit spread risk relating to balance sheet items, for example fixed interest loans and borrowings.

The capital and credit markets have been experiencing volatility and disruption. In some cases, the markets have exerted downward pressure on the availability of liquidity and credit capacity for certain issuers. The Issuer needs liquidity to pay operating expenses, interest on debt and dividends on capital, as well as to replace certain maturing liabilities. Without sufficient liquidity, the Issuer's business, financial position and operating results could be materially adversely affected by disruptions in the financial markets.

In addition to general economic and market conditions, financial and industry cycles can also cause the value of the Issuer's assets to fluctuate between periods, as well as on a long-term basis, in ways that may be unpredictable. Such cycles include financial market cycles, including volatile movements in market prices for securities; and banking industry cycles. Other factors which impact the business and economic environment and businesses in which the Issuer operates include fluctuations in interest rates and exchange rates, consumer spending, business investment, the real estate market, the volatility and strength of the capital markets, catastrophic events, terrorism, other acts of war or hostility, and the governmental and political developments relating to the foregoing, as well as social or political instability, diplomatic disputes and international conflicts.

Liquidity risk

Liquidity risk consists of refinancing risk and price risk.

Refinancing risk is the risk of not being able to refinance debt and not being able to finance an increase in assets. In the event that the Issuer requires financing for its business and operational needs, the availability of such financing will depend on a variety of factors such as market conditions, the general availability of credit, the volume of trading activities, the overall availability of credit to the financial services industry, the Issuer's credit ratings and credit capacity, as well as the possibility that customers or lenders could develop a negative perception of the Issuer's long-term or short-term financial prospects if the level of business activity were to decrease due to a further or sustained market downturn. Similarly, access to funds may be impaired if regulatory authorities or rating agencies take negative actions against the Issuer. There can be no

assurance that internal sources of liquidity will be sufficient and, in such case, that it would be able successfully to obtain the requisite financing on commercially reasonable terms, or at all.

Price risk is the risk of being unable to refinance commitments without incurring material extra costs in the form of unusually expensive financing or a fall in the market value of assets held for sale. Disruptions, uncertainty or volatility in the capital and credit markets may limit the Issuer's access to the capital it requires to carry out its operations. Such market conditions may limit the Issuer's ability to: replace maturing liabilities in a timely manner or at all; satisfy statutory capital requirements; generate fee income and market-related revenue to meet liquidity needs; and access the capital necessary to grow the Issuer's business. As such, the Issuer may be forced to delay raising capital, issue shorter-term securities than would be preferable, or bear an unattractive cost of capital which could decrease profitability and significantly reduce financial flexibility.

Operational risk

Operational risk is the risk of losses as a result of inadequate or deficient internal processes or systems, human error or external events. The Issuer is required to have sufficient economic capital to secure itself against large and unexpected operational losses.

Operational risk is often associated with specific, unique events. Several events in the finance industry in recent years confirm that losses as a result of operational risk occur regularly, must be dealt with as they arise, and must be continuously monitored. Any mismanagement, fraud or failure to satisfy fiduciary or regulatory responsibilities, or the negative publicity resulting from such activities or allegations of such activities associated with the Issuer or a relevant industry sector generally could have a material adverse effect on the Issuer's business, results of operations and/or financial condition. In particular, reputational damage to the Issuer could adversely affect new business sales. Negative publicity in respect of the Issuer could also potentially result in regulators subjecting the Issuer's business to closer scrutiny than would otherwise be the case, which may in turn result in higher costs, sanctions or fines.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Risks applicable to all Notes

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes (including for taxation reasons, (in the case of Dated Subordinated Notes) following a Capital Event and (in the case of Senior Preferred Notes and Senior Non-Preferred Notes where the applicable Final Terms specify Condition 7(k) is applicable) following a MREL Disqualification Event) is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider the reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market and the market value of such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest until (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date). On the first Reset Date, however, and on each subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Subsequent Reset Reference Rate and the applicable Reset Margin as determined by the Issue and Paying Agent on the relevant Reset Determination Date (each such interest rate, a **Subsequent Reset Rate**). The Subsequent Reset Rate for any Reset Period could be less than Initial Rate of Interest or the Subsequent Reset Rate for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

There are risks that certain "benchmark" rates may be administered differently or discontinued in the future, including the potential phasing-out of LIBOR after 2021, which may adversely affect the trading market for, value of and return on, Notes based on such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including LIBOR, EURIBOR, SIBOR, TIBOR, HIBOR and the Bank of England Base Rate), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark". Regulation (EU) 2016/1011 (the **Benchmarks Regulation**) was published in the Official Journal of the EU on 29 June 2016 and mostly applies, subject to certain transitional provisions, from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such "benchmarks". On 27 July 2017, and in a subsequent speech by its Chief Executive on 12 July 2018, the UK Financial Conduct Authority (**FCA**) confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the **FCA Announcements**). The FCA Announcements indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (**SONIA**) over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate "benchmark" by the end of 2021.

Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate (**€STR**) as the new risk free rate. €STR is expected to be published by the ECB by October 2019. In addition, on 21 January 2019, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, certain "benchmarks" (including LIBOR and EURIBOR) will continue to be supported going forwards. This may cause certain "benchmarks" to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain "benchmarks": (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the "benchmark" and/or (iii) leading to the disappearance of the "benchmark".

Where Benchmark Replacement is specified as being applicable in the applicable Final Terms, if the Issuer (in consultation with the Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s))) determines that a Benchmark Event (as defined in the Terms and Conditions of the Notes) has occurred, then the Issuer shall use reasonable endeavours to appoint and consult with an Independent Adviser for the purposes of determining a Successor Rate or an Alternative Benchmark Rate (as further described in Condition 5(e)) and, if applicable, an Adjustment Spread. If the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser and the Issuer cannot agree upon, or cannot select, the Successor Rate or Alternative Benchmark Rate, the Issuer may determine the replacement rate, provided that if the Issuer is unable or unwilling to determine the Successor Rate or Alternative Benchmark Rate, the further fallbacks described in the Terms and Conditions of the Notes shall apply. In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Reference Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

The ultimate fallback for the purposes of calculation of the Rate of Interest or for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or, in the case of Reset Notes, the application of the Subsequent Reset Reference Rate as at the last preceding Reset Determination Date, or in the case of the first Reset Determination Date, the application of the Initial Rate of Interest applicable to such Notes on the Interest Commencement Date.

The use of a Successor Rate or an Alternative Benchmark Rate may result in interest payments that are substantially lower than or that do not otherwise correlate over time with the payments that could have been made on the Notes if the relevant "benchmark" remained available in its current form. Furthermore, if the Issuer is unable to appoint an Independent Adviser or if the Issuer fails to agree a Successor Rate or an Alternative Benchmark Rate or adjustment spread, if applicable with the Independent Adviser, the Issuer may have to exercise its discretion to determine (or to elect not to determine) an Alternative Benchmark Rate or adjustment spread, if applicable in a situation in which it is presented with a conflict of interest. In addition, while any Adjustment Spread may be expected to be designed to eliminate or minimise any potential transfer of value between counterparties, the application of the Adjustment Spread to the Notes may not do so and may result in the Notes performing differently (which may include payment of a lower interest rate) than they would do if the Original Reference Rate were to continue to apply in its current form.

The Issuer has also undertaken in the Conditions that it will not make any amendment pursuant to Condition 5(e) of the Terms and Conditions of the Notes if to do so could reasonably be expected to prejudice the qualification of the Notes as, in the case of the Senior Non-Preferred Notes and the Senior Preferred Notes, MREL Eligible Liabilities (as defined in the Terms and Conditions of the Notes) or, in the case of the Dated Subordinated Notes, Tier 2 capital (as defined in the Terms and Conditions of the Notes) of the Issuer.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing, or otherwise dependent (in whole or in part) upon, a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

The Issuer's obligations under Senior Non-Preferred Notes rank as described in the Conditions

The Issuer's obligations under Senior Non-Preferred Notes will be unsecured and will rank as further described in Condition 2(a)(ii). Although Senior Non-Preferred Notes may pay a higher rate of interest than Senior Preferred Notes or other liabilities of the Issuer which rank in priority to Senior Non-Preferred Notes, an investor in Senior Non-Preferred Notes may lose all or some of his investment should the Issuer become insolvent or should the Issuer or the Notes become subject to the actions described in the risk factor entitled "*Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer*" below.

The Issuer's obligations under Dated Subordinated Notes are subordinated

The Issuer's obligations under Dated Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment of the claims of more senior ranking creditors of the Issuer (such as the Senior Preferred Noteholders and Senior Non-Preferred Noteholders). Although Dated Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated to the same extent, there is a real risk that an investor in Dated Subordinated Notes will lose all or some of his investment should the Issuer become insolvent or should the Issuer or the Notes become subject to the actions described in the risk factor entitled "*Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer*" below.

Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. BRRD has been implemented in Norway through amendments to Chapter 20 of the Act on Financial Institutions and Financial Groups of 10 April 2015 No. 17 (*Lov om finansforetak og finanskonsern av 10. april 2015 nr. 17*) (the **Financial Institutions Act**), which took effect

on 1 January 2019. The implementing legislation grants authority to the FSAN to implement detailed requirements and supplementary regulations in its capacity as resolution authority.

The Issuer is a Norwegian bank and accordingly falls within the scope of the BRRD as implemented in Norway. The only bankruptcy, composition, insolvency or administrative procedures to which a bank such as the Issuer could be subject under the laws of Norway, are either resolution pursuant to the tools provided for under the BRRD, or winding up by way of public administration as further set out in Chapter 20 of the Financial Institutions Act.

The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the firm to meet its repayment obligations; (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down certain claims, which would include claims in respect of securities such as the Notes, of unsecured creditors of a failing institution (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims (including Notes) to equity or other instruments of ownership (the **general bail-in tool**), which equity or other instruments could also be subject to any future cancellation, transfer or dilution. The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

If the Issuer becomes subject to resolution as provided for in the BRRD, holders of Notes may be subject to the application of the general bail-in tool, which may result in such holders losing some or all of their investment. Such application could also involve modifications, including alteration of the principal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period, to or the disapplication of provisions in, the Terms and Conditions of the Notes. As a result, the exercise of any power under the BRRD as implemented in Norway or any suggestion of such exercise could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

Any application of the general bail-in tool under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on holders of Notes will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent any resulting treatment of holders of Notes pursuant to the exercise of the general bail-in tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder has a right to compensation under the BRRD based on an independent valuation of the firm (which is referred to as the “no creditor worse off safeguard” under the BRRD). However, any such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation as compared to when amounts may otherwise have been due under the Notes.

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further power to permanently write down or convert into equity capital instruments (such as the Dated Subordinated Notes) at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). Any shares issued to holders of the Dated Subordinated Notes upon any such conversion into equity may also be subject to any application of the general bail-in tool and/or other resolution powers as outlined above.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which: (i) the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or in the near future is expected to meet such conditions; or (ii) extraordinary public financial support is required by the institution or its group other than for the purposes of remedying a serious disturbance in the economy of a Member State and to preserve financial stability; and (iii) the relevant authority determines that the institution or its group will no longer be viable unless the relevant capital instruments (such as the Dated Subordinated Notes) are written down or converted.

In addition to becoming subject to the general bail-in tool, holders of Dated Subordinated Notes may accordingly be subject to write-down or conversion into equity as a result of the non-viability loss absorption rules, which may result in such holders losing some or all of their investment.

Under the BRRD, there is a requirement for EU financial institutions to hold certain minimum levels of own funds and other eligible liabilities (**MREL**) which would be available to be written down or bailed-in in order to facilitate the rescue or resolution of a failing bank. Such requirements came into effect (subject to transitional provisions) in the EU from 1 January 2016. Commission Delegated Regulation (EU) 2016/1450 of 23 May 2016 sets forth regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities. In Norway, the MREL requirement will be set by the FSAN for each individual institution. As at the date of this Base Prospectus, the FSAN has not yet communicated a MREL requirement for the Issuer. However, the FSAN has published a statement in which it confirms that it expects to set a MREL requirement for the Issuer in the course of 2019. On 19 December 2018 the Norwegian Ministry of Finance passed and published general Norwegian MREL regulations by way of amendments to the Financial Institutions Regulation of 9 December 2016 (the **MREL Rules**). According to the MREL Rules, any MREL requirement determined by the FSAN must after 31 December 2022 be fulfilled with debt instruments that rank junior to ordinary debt instruments issued by the institution. The FSAN is authorised to allow a limited amount of senior ranking debt instruments to meet such MREL requirement, for instance in order to comply with the requirements set out in Article 72b3 of the revised Capital Requirements Regulation (CRR II). However, the MREL Rules are expected to be updated to reflect any changes to the MREL requirement set out in the BRRD or any legislation enacted thereunder.

Under current Norwegian law, there is a distinction between (i) instruments that are eligible and qualify for the fulfilment of the MREL requirement and (ii) instruments that may be bailed in (which is a broader concept). For example, instruments with an original maturity or a remaining maturity of less than one year may be bailed-in (but would not count as fulfilling the MREL requirement). Similarly, Senior Preferred Notes (which, as noted above, are not expected to be eligible towards the MREL requirement after 31 December 2022) may be bailed-in. Noteholders should therefore be aware that a broad range of debt instruments may be liable to bail-in and Noteholders may lose all or some of their investment in any Notes that are bailed-in.

On 23 November 2016, the European Commission published legislative proposals for amendments to the directive of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013 (the **CRD IV**) and the Regulation 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the **CRR**), the BRRD and Regulation (EU) No. 806/2014 establishing a Single Resolution Mechanism for the Banking Union and proposed an amending directive to facilitate the creation of a new asset class of “non-preferred” senior debt (the **Proposals**). The Proposals covered multiple areas, including the Pillar 2 framework, the leverage ratio, the mandatory restrictions on distributions, the permission for reducing own funds and eligible liabilities, the macroprudential tools, a new category of “non-preferred” senior debt, the MREL (as defined above) framework, the application of non-viability loss absorption powers to eligible liabilities and the integration of the Financial Stability Board’s proposed minimum total loss-absorbing capacity into EU legislation. The various directives and regulations intended to implement the Proposals were published in the Official Journal of the European Union on 7 June 2019 and will enter into force in the European Union 20 days thereafter, subject to various transitional provisions. Such directives and regulations implementing the Proposals have yet to be implemented as a matter of domestic law in Norway. As at the date of this Base Prospectus, it is unclear when Norwegian implementation will take place.

The new category of “non-preferred” senior debt mentioned above is included in the Proposals by virtue of a draft amending directive facilitating the creation of such new asset class of “non-preferred” senior debt which was published in final form on 12 December 2017 (the **Creditor Hierarchy Directive**). The Norwegian Ministry of Finance is currently considering a legislative proposal for transposing the Creditor Hierarchy Directive into Norwegian law, which was submitted to it by the FSAN on 3 June 2019. At the date of this Base Prospectus, uncertainty remains over the exact timing for adoption and entry into force of the national legislation transposing the Creditor Hierarchy Directive into Norwegian law.

Until the Proposals are implemented in Norway, it is uncertain how the Proposals will affect the Issuer or holders of the Notes.

In certain circumstances, the Issuer can substitute or vary the terms of the Notes

Where the applicable Final Terms specify that Condition 7(l) (in the case of Dated Subordinated Notes) or Condition 7(m) (in the case of Senior Preferred Notes and Senior Non-Preferred Notes) applies, if at any time a Capital Event (in the case of Dated Subordinated Notes) or a MREL Disqualification Event (in the case of Senior Preferred Notes and Senior Non-Preferred Notes) occurs or in order to ensure the effectiveness and enforceability of Condition 19, the Issuer may, subject to obtaining the prior written permission of the Relevant Regulator (if applicable), (without any requirement for the consent or approval of the relevant Noteholders) either substitute all (but not some only) of the relevant Notes, as the case may be, for, or vary the terms of the relevant Notes (including changing the governing law of Condition 19 from English law to Norwegian law), as the case may be, so that they remain or, as appropriate, become, Qualifying Subordinated Securities (in the case of Dated Subordinated Notes) or Qualifying MREL Securities (in the case of Senior Preferred Notes and Senior Non-Preferred Notes) as further provided in Condition 7(l) or Condition 7(m), as the case may be. The Terms and Conditions of such substituted or varied Notes may have terms and conditions that contain one or more provisions that are substantially different from the terms and conditions of the original Notes, provided that the relevant Notes remain or, as appropriate, become, Qualifying Subordinated Securities or Qualifying MREL Securities, as the case may be, in accordance with the Terms and Conditions.

While the Issuer cannot otherwise make changes to the terms of Notes that, in its reasonable opinion, are materially less favourable to the holders of the relevant Notes as a class, the governing law of Condition 19 may be changed from English law to Norwegian law in order to ensure its effectiveness and enforceability.

No assurance can be given as to whether any of these changes will negatively affect any particular holder. In addition, the tax and stamp duty consequences of holding such substituted or varied Notes could be different

for some categories of Noteholders from the tax and stamp duty consequences for them of holding the Notes prior to such substitution or variation.

The gross-up obligation in relation to Dated Subordinated Notes, Senior Non-Preferred Notes and Senior Preferred Notes is limited to payments of interest only

The Issuer's obligation under Condition 8 to pay additional amounts in the event of any withholding or deduction in respect of taxes on any payments under the terms of (i) Senior Non-Preferred Notes and Senior Preferred Notes where Condition 8(b) is specified as being applicable in the applicable Final Terms and (ii) Dated Subordinated Notes applies only to payments of interest and not to payments of principal or any other amounts. As such, the Issuer would not be required to pay any additional amounts under the terms of such Notes to the extent any withholding or deduction applied to payments of principal or such other amounts. Accordingly, if any such withholding or deduction were to apply to any payments of principal under any such Notes, Noteholders may receive less than the full amount of principal due under such Notes upon redemption, and the market value of such Notes may be adversely affected.

The qualification of the Senior Non-Preferred Notes and certain Senior Preferred Notes as "eligible liabilities" is subject to uncertainty

The Senior Non-Preferred Notes and certain Senior Preferred Notes are intended to be MREL Eligible Liabilities which are available to meet any MREL Requirement (however called or defined by the Applicable MREL Regulations then applicable) of the Issuer. However, there is uncertainty regarding the final substance of the Applicable MREL Regulations and how those regulations, once enacted, are to be interpreted and applied and the Issuer cannot provide any assurance that such Notes will be (or thereafter remain) MREL Eligible Liabilities. There is therefore a risk that a MREL Disqualification Event may occur.

Upon the occurrence of a MREL Disqualification Event, the Issuer may, at its option but subject to Condition 7(i) (if applicable), (i) where the applicable Final Terms specify Condition 7(k) to be applicable, redeem all (but not some only) of such Series of Notes and (ii) where the applicable Final Terms specify Condition 7(m) to be applicable, either substitute all (but not some only) of such Series of Notes for, or vary the terms of such Series of Notes so that they remain or, as appropriate, become Qualifying MREL Securities. See "*Senior Non-Preferred Notes and Senior Preferred Notes: MREL Disqualification Event Redemption*" and "*In certain circumstances, the Issuer can substitute or vary the terms of the Notes*" for a description of the risks related to an early redemption of Notes or the substitution or variation, as the case may be, of Notes.

Brexit may also have an impact on English law governed MREL or regulatory capital issuances, as there is currently uncertainty as to whether the FSAN, in its capacity as resolution authority in Norway, would be satisfied that any write-down or bail-in of these instruments by the FSAN would be recognised by English courts for the purposes of Article 55 of the BRRD. See further the risk factor entitled "*In certain circumstances, the Issuer can substitute or vary the terms of the Notes*". For instance, it is not yet possible to predict any consequent impact of Brexit on any outstanding English law governed MREL or regulatory capital issuances by the Issuer.

There are no events of default in relation to Dated Subordinated Notes and certain Senior Preferred Notes and Senior Non-Preferred Notes

In the event that the Issuer fails to pay interest or principal when due on any Dated Subordinated Notes and (if the applicable Final Terms specify that Condition 10 is not applicable) Senior Preferred Notes and Senior Non-Preferred Notes, the holders of such Notes shall not be entitled to accelerate the Notes in accordance with their terms.

Waiver of set-off

The Senior Non-Preferred and Dated Subordinated Noteholders and respective Couponholders and (if the applicable Final Terms specify that Condition 2(b) applies) Senior Preferred Noteholders and respective Couponholders will not be entitled to set-off the Issuer's obligations under such Notes against obligations owed by them to the Issuer.

Senior Non-Preferred Notes and Senior Preferred Notes: MREL Disqualification Event Redemption

Where the applicable Final Terms specify that Condition 7(k) applies, if a MREL Disqualification Event (as defined in the Terms and Conditions of the Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7(k), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

Dated Subordinated Notes: Capital Event Redemption

If a Capital Event (as defined in the Terms and Conditions of the Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7(j), redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of Dated Subordinated Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in the Dated Subordinated Notes, as the case may be.

Call options are, in certain circumstances, subject to the prior consent of the Relevant Regulator

In addition to the call rights described above under "*Dated Subordinated Notes: Capital Event Redemption*", Dated Subordinated Notes may also contain provisions allowing the Issuer to call them after a minimum period of, for example, five years. To exercise such a call option, the Issuer must (if, and to the extent, then required by the Relevant Regulator) obtain the prior written permission of the Relevant Regulator.

Any early redemption by the Issuer of Senior Non-Preferred Notes or Restricted Senior Preferred Notes is also subject to the prior written permission of the Relevant Regulator (if, and to the extent, then required by the Relevant Regulator and by the Applicable MREL Regulations).

Holders of such Notes should not invest in such Notes in the expectation that such a call will be exercised by the Issuer. The Relevant Regulator must agree to permit such a call, based upon its evaluation of the

regulatory capital position of the Issuer and certain other factors at the relevant time. There can be no assurance that the Relevant Regulator will permit such a call. Holders of such Notes should be aware that they may be required to bear the financial risks of an investment in such Notes for a period of time in excess of the minimum period (if applicable).

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

In respect of any Notes issued with a specific use of proceeds, such as a “Green Bond”, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer’s intention to apply the proceeds from an offer of those Notes specifically for Green Loans (as defined in “Use of Proceeds” below) that promote climate-friendly and other environmental purposes and Notes issued thereunder to be referred to as **Green Bonds**. Prospective investors should have regard to the information set out in this Base Prospectus and/or the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Green Bonds together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for any Green Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Green Loans). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or “sustainable” or an equivalently-labelled loan or as to what precise attributes are required for a particular loan to be defined as “green” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any loans or uses the subject of, or related to, any Green Loans will meet any or all investor expectations regarding such “green”, “sustainable” or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any loans or uses the subject of, or related to, any Green Loans. The Issuer intends to publish a framework relating to an investment in Green Loans or the issuance of Green Bonds which will be made available on the Issuer’s website.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Green Bonds and in particular with any Green Loans to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Green Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Green Bonds. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Green Bonds are listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities

market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Green Loans. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Green Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Green Bonds.

While it is the intention of the Issuer to apply the proceeds of any Green Bonds in, or substantially in, the manner described in this Base Prospectus and/or the relevant Final Terms, there can be no assurance that the relevant loan(s) or use(s) which are the subject of, or related to, any Green Loans will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for the specified Green Loans. Nor can there be any assurance that such Green Loans will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. None of the Dealers will verify or monitor the application of the proceeds of any such Green Bonds issued under the Programme.

Any such event or failure to apply the proceeds of any issue of Green Bonds for any Green Loans as aforesaid will not constitute an event of default, or, as the case may be, enforcement event under the relevant Green Bonds. The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any such Green Bonds no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Green Bonds and also potentially the value of any other Green Bonds which are intended to finance Green Loans and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

Modification and waiver

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders and Couponholders including those who did not attend and vote at the relevant meeting and those who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Issuer and the Agent may, without the consent of Noteholders or Couponholders agree to (i) any modification (except as mentioned in Condition 15) of the Notes, the Coupons or the Agency Agreement which is not prejudicial to the interests of the Noteholders; or (ii) any modification of the Notes, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law.

Withholding Tax White Paper/Potential Issuer Redemption for Tax Reasons

In a White Paper to the Norwegian Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Norwegian Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest. A white paper with a specific proposal (including potential exclusions) has been expected for some time, but has still not been presented.

In the event of the withholding tax being implemented and the payments of interest in respect of an issue of Notes is subject to withholding tax, the Issuer would be required to gross up the payments in accordance with (but subject to the exceptions set out in) Condition 8. If the Issuer has or will become obliged to pay additional amounts as provided in Condition 8, the Issuer may (subject to the conditions set out therein) exercise its right to redeem the Notes at the Early Redemption Amount (plus accrued interest) pursuant to Condition 7(b) of the Terms and Conditions of the Notes. See "*Notes subject to optional redemption by the Issuer*".

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Notes having to be at a substantial discount to their principal amount or for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out in the section entitled "*Sparebanken Vest – History*" and on the cover of this Base Prospectus.

GENERAL DESCRIPTION OF THE PROGRAMME

This General Description constitutes a general description of the Programme for the purposes of Article 22.5(3) of Commission Regulation (EC) No. 809/2004 implementing the Prospectus Directive.

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, subject as set out herein. An overview of the terms and conditions of the Programme and the Notes appears below. The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, attached to, or incorporated by reference into, the Notes, as completed by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under "*Form of the Notes*" below.

This Base Prospectus and any supplement will only be valid for listing Notes on the Official List of the Luxembourg Stock Exchange during the period of 12 months from the date of approval of this Base Prospectus in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €3,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") shall be determined, at the discretion of the Issuer, either as of the date on which agreement is reached for the issue of Notes or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the Issuer on the relevant day of calculation; and
- (b) the euro equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under "*Form of the Notes*") and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption, and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.

Thereafter, the fixed rate of interest will be reset on one or more date(s) specified in the applicable Final Terms by reference to a mid-market swap rate for the relevant Specified Currency, and for a period equal to the reset period, as adjusted for any applicable margin, in each case as may be specified in the applicable Final Terms. Benchmark Replacement:

Where the applicable Final Terms specify that Benchmark Replacement applies, if the Issuer (in consultation with the Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s))) determines that a Benchmark Event (as defined in the Terms and Conditions of the Notes) has occurred when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to an Original Reference Rate, then the Issuer shall use reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, for the determination (with the Issuer's agreement) of a Successor Rate or, alternatively, if the Independent Adviser and the Issuer agree that there is no Successor Rate, an alternative rate and, in either case, an alternative screen page or source and an Adjustment Spread (if applicable) no later than three Business Days prior to the relevant Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable).

No early redemption of (i) Restricted Senior Preferred Notes (ii) Senior Non-Preferred Notes or (iii) Dated Subordinated Notes may take place without the prior written permission of the Relevant Regulator (if and to the extent such permission is required).

Notes having a maturity of less than one year may be subject to restrictions on their denomination and distribution, see "*Certain Restrictions – Notes with a maturity of less than one year*" above.

Denomination of Notes:

Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, see "*Certain Restrictions – Notes with a maturity of less than one year*" above, and save that the minimum denomination of each Note will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency) unless there is an exemption from the obligation under the Prospectus Directive to publish a prospectus.

Preferred Notes where Condition 8(b) is specified as being applicable in the applicable Final Terms and (ii) Dated Subordinated Notes, in respect of any payment of interest only (but not principal)) to cover the amounts so deducted.

All payments of principal and interest in respect of the Notes will be made subject to any withholding or deduction required pursuant to fiscal and other laws, as provided in Condition 8.

Negative Pledge:

The terms of the Senior Preferred Notes will, if the applicable Final Terms specify that Condition 4 applies, contain a negative pledge provision as further described in Condition 4.

Cross Default:

The terms of the Senior Preferred Notes and Senior Non-Preferred Notes will, if the applicable Final Terms specify that Condition 10 applies, contain a cross default provision as further described in Condition 10.

Notes in respect of which the Final Terms specify that Condition 10 does not apply will not contain any events of default.

Set-off:

Holders of (i) Senior Non-Preferred Notes (ii) Dated Subordinated Notes and (iii) Senior Preferred Notes in respect of which the applicable Final Terms specify that Condition 2(b) applies, will not be entitled to set-off the Issuer's obligations under such Notes against obligations owed by them to the Issuer.

Substitution or Variation (if Senior Preferred Notes or Senior Non-Preferred Notes):

Where the applicable Final Terms specify that Condition 7(m) applies, if at any time a MREL Disqualification Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 19, the Issuer may, subject to the provisions of Condition 7(i), (if applicable and to the extent so required), either substitute all (but not some only) the relevant Senior Preferred Notes and Senior Non-Preferred Notes for, or vary their terms so that they remain or, as appropriate, become, Qualifying MREL Securities (as defined in Condition 7(m)), as further provided in Condition 7(m)).

Substitution or Variation (if Dated Subordinated Notes):

Where the applicable Final Terms specify that Condition 7(l) applies, if at any time a Capital Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 19, the Issuer may, subject to the provisions of Condition 7(i), (to the extent so required), either substitute all (but not some only) the relevant Dated Subordinated

Notes for, or vary their terms so that they remain or, as appropriate, become, Qualifying Subordinated Securities (as defined in Condition 7(1)), as further provided in Condition 7(1).

Status of the Senior Preferred Notes:

Where the applicable Final Terms specify the Notes are “Senior Preferred Notes”, the Notes will constitute direct, unconditional, unsubordinated and, subject to the provisions of Condition 4 (where relevant), unsecured obligations of the Issuer and will rank *pari passu* among themselves and (save for certain debts required to be preferred by law) at least equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, present and future, from time to time outstanding.

Status of the Senior Non-Preferred Notes:

Where the applicable Final Terms specify the Notes are “Senior Non-Preferred Notes”, the Notes will constitute direct, unconditional and unsecured obligations of the Issuer and rank *pari passu* among themselves and subject as set out in the paragraph below, in the event of a liquidation, dissolution, administration or other winding up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders (as defined below) and do not provide that the Notes thereby become redeemable or repayable), claims of the holders of Notes and Coupons against the Issuer in respect of or arising under the Notes and Coupons (including any amounts attributable to the Notes and Coupons and any damages awarded for breach of any obligations thereunder) shall rank:

- (i) *pari passu* without any preference among themselves;
- (ii) *pari passu* with claims in respect of Non-Preferred Parity Securities and Statutory Non-Preferred Claims, if any;
- (iii) in priority to claims in respect of Non-Preferred Junior Securities; and
- (iv) junior to any present or future claims of Senior Creditors.

At any time after the Creditor Hierarchy Directive has been implemented in Norway, the Issuer may

(but is not obliged to), by providing notice (the **Ranking Notice**) to the Noteholders in accordance with Condition 14, specify that (subject to the laws of Norway) the Notes (together with any other outstanding Series of Senior Non-Preferred Notes) shall rank within the class of unsecured debt instruments of the Issuer having the lower priority ranking contemplated by Article 108(2) of the BRRD, as set out in the Creditor Hierarchy Directive with effect from the date specified in the Ranking Notice (for the avoidance of doubt, should there be any inconsistency between any statutory ranking which may be introduced in Norway in order to implement the provisions of Article 108(2) of the BRRD, if any, and the ranking as set out above, such statutory ranking shall prevail).

Status of the Dated Subordinated Notes:

The Dated Subordinated Notes will constitute unsecured subordinated obligations of the Issuer, subordinated as described in Condition 3, and will rank *pari passu* without any preference among themselves. In the event of a liquidation, dissolution, administration or other winding-up of the Issuer by way of public administration, claims of the holders of Notes and Coupons against the Issuer in respect of or arising under the Notes and Coupons (including any amounts attributable to the Notes and Coupons and any damages awarded for breach of any obligations thereunder) shall rank: (i) *pari passu* without any preference among themselves; (ii) at least *pari passu* with claims in respect of Subordinated Parity Securities; (iii) in priority to claims in respect of Subordinated Junior Securities; and (iv) junior to any present or future claims of Specified Senior Creditors.

Approval, Listing and Admission to Trading:

Application has been made to the CSSF to approve this document as a base prospectus. Application has also been made for Notes issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Ratings:

The Programme has been rated by Moody's Investors Service Ltd. in respect of the Issuer. Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated its rating will not necessarily be the same as the rating applicable to the Programme. Where an issue of Notes is rated, the rating will be specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law, except Conditions 2 and 3 which will be governed by, and construed in accordance with, Norwegian law.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area, Belgium, Norway, the United Kingdom and Japan and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "*Subscription and Sale*".

United States Selling Restrictions:

Regulation S, Category 2. TEFRA C or D, as specified in the Final Terms.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for, Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Fiscal Agent (the **Agent**).

On and after the date (the **Exchange Date**) which is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) subject to the following proviso, for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given; *provided that* a Temporary Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount there above may only be exchanged for definitive Notes upon an Exchange Event (as defined below). The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event. A Permanent Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount there above may only be exchanged for definitive Notes upon an Exchange Event. For these purposes, **Exchange Event** means that the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available. The Issuer will promptly give notice to Noteholders

in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all Permanent Global Notes and definitive Notes which have an original maturity of more than 365 days and on all interest coupons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

Unless the applicable Final Terms specify that Condition 10 is not applicable, any Senior Preferred Note and Senior Non-Preferred Note may be accelerated by the holder thereof in certain circumstances described in Condition 10. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of an amended and restated deed of covenant (the **Deed of Covenant**) dated 3 July 2019, executed by the Issuer.

APPLICABLE FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Notes issued under the Programme.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

[MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each Definitive Note, in the latter case only if permitted by the relevant stock exchange (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

In these Conditions, the following terms shall bear the following meanings:

5. INTEREST

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date specified in the applicable Final Terms at the rate(s) per annum equal to the Rate(s) of Interest so specified in the applicable Final Terms. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period or if, in the case of Notes in definitive form, no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

In these Terms and Conditions:

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual**

Period) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Reset Notes*

(i) *Rates of interest*

Subject to Conditions 2 and 3, each Reset Note bears interest:

- (A) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (B) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period thereafter), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined, and notified in writing to the Agent and the Issuer, by the Reference Banks Agent on the relevant Reset Determination Date in accordance with this Condition 5(b),

payable, in each case, in arrear on the Interest Payment Dates(s) (as specified in the Final Terms).

As used in these Conditions:

Mid Swap Benchmark Rate means EURIBOR if the Specified Currency is euro or LIBOR for the Specified Currency if the Specified Currency is not euro.

Mid Swap Rate means for any Reset Period the arithmetic mean of the bid and offered rates for the fixed leg payable with a frequency equivalent to the Benchmark Frequency specified in the applicable Final Terms during the relevant Reset Period (calculated on the day count basis customary for fixed rate payments in the Specified Currency as determined, and notified in writing to the Agent and the Issuer, by the Reference Banks Agent) of a fixed-for-floating interest rate swap transaction in the Specified Currency which transaction (a) has a term of equal to the relevant Reset Period and commencing on the relevant Reset Date, (b) is in an amount that is representative for a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market, and (c) has a floating leg based on the Mid Swap Benchmark Rate for the Mid Swap Maturity as specified in the Final Terms (calculated on the day count basis customary for floating rate payments in the Specified Currency as determined, and notified in writing to the Agent and the Issuer, by the Reference Banks Agent).

Reference Banks Agent means an independent investment bank, commercial bank, stockbroker, financial institution or adviser with appropriate expertise appointed by the Issuer at its own expense.

Reference Bond means for any Reset Period a government security or securities issued by the state responsible for issuing the Specified Currency (which, if the Specified Currency is euro, shall be Germany) selected by the Issuer on the advice of an investment bank of international repute as having an actual or interpolated maturity comparable with the relevant Reset Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the relevant Reset Period.

Reference Bond Price means, with respect to any Reset Determination Date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reset Determination Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Reference Banks Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations.

Reference Government Bond Dealer means each of five banks (selected by the Issuer on the advice of an investment bank of international repute), or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues.

Reference Government Bond Dealer Quotations means, with respect to each Reference Government Bond Dealer and the relevant Reset Determination Date, the arithmetic average, as determined, and notified in writing to the Agent and the Issuer, by the Make-Whole Agent, of the bid and offered prices for the relevant Reference Bond (expressed in each case as a percentage of its nominal amount) at or around the Subsequent Reset Rate Time on the relevant Reset Determination Date quoted in writing to the Reference Banks Agent by such Reference Government Bond Dealer.

Reset Determination Date means for each Reset Period the date as specified in the Final Terms falling on or before the commencement of such Reset Period on which the rate of interest applying during such Reset Period will be determined.

Reset Period means the period from (and including) the first Reset Date to (but excluding) the Maturity Date (if any) if there is only one Reset Period or, if there is more than one Reset

Period, each period from (and including) one Reset Date (or the first Reset Date) to (but excluding) the next Reset Date up to (but excluding) the Maturity Date (if any).

Subsequent Reset Rate for any Reset Period means the sum of (i) the applicable Subsequent Reset Reference Rate and (ii) the applicable Reset Margin (with such sum converted (if necessary) from a basis equivalent to the Benchmark Frequency to a basis equivalent to the frequency with which scheduled interest payments are payable on the Notes during the relevant Reset Period) (rounded down to four decimal places, with 0.00005 being rounded down).

Subsequent Reset Reference Rate means either:

- (A) if **Mid Swaps** is specified in the Final Terms, the Mid Swap Rate displayed on the Subsequent Reset Rate Screen Page at or around the Subsequent Reset Rate Time on the relevant Reset Determination Date for such Reset Period; or
- (B) if **Reference Bond** is specified in the Final Terms, the annual yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Reset Notes for the relevant period by applying the Initial Rate of Interest or the applicable Subsequent Reset Rate (as the case may be) to:

- (A) in the case of Reset Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Reset Notes represented by such Global Note; or
- (B) in the case of Reset Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Reset Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Reset Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

Day Count Fraction and related definitions have the meanings given in Condition 5(a).

(ii) *Subsequent Reset Rate Screen Page*

If the Subsequent Reset Rate Screen Page is not available, the Reference Banks Agent shall request each of the Reference Banks (as defined below) to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Reset Margin (if any), all as determined, and notified in writing to the Agent and the Issuer, by the Reference Banks Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent

Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

For the purposes of this Condition 5(b)(ii) **Reference Banks** means the principal office in the Relevant Financial Centre of four major banks in the swap, money, securities or other market most closely connected with the Subsequent Reset Reference Rate as selected by the Issuer on the advice of an investment bank of international repute.

(iii) *Notification of Subsequent Reset Rate and Interest Amounts*

The Agent will cause the Subsequent Reset Rate and each Interest Amount for each Reset Period to be notified to the Issuer and any stock exchange or other relevant authority on which the relevant Reset Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(iv) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b) by the Agent or the Reference Banks Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date). For so long as any of the Floating Rate Notes is represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the relevant Notes and will be paid to

Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Floating Rate Note, interest will be calculated on its outstanding nominal amount.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, **Business Day** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

- (A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Relevant Financial Centre time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (i) above, no offered quotation appears or, in the case of (ii) above, fewer than three offered quotations appear, in each case as at the Relevant Time, the Reference Banks Agent shall request each of the Reference Banks (as defined below) to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined, and notified in writing to the Agent and the Issuer, by the Reference Banks Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Reference Banks Agent determines, and notifies in writing to the Agent and the Issuer, as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

For the purposes of this Condition 5(c)(ii)(B):

Reference Banks means, in the case of a determination of LIBOR, the principal London office of four major banks in the London interbank market; in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone interbank market; and, in the case of a determination of a Reference Rate other than LIBOR or EURIBOR, the principal office in the Relevant Financial Centre of four major banks in the interbank market of the Relevant Financial Centre, in each case selected by the Issuer on the advice of an investment bank of international repute.

Reference Banks Agent means an independent investment bank, commercial bank, stockbroker, financial institution or adviser with appropriate expertise appointed by the Issuer at its own expense.

Reference Rate means, as specified in the Final Terms, (i) the London interbank offered rate (**LIBOR**), (ii) the Euro-zone interbank offered rate (**EURIBOR**), (iii) the Singapore interbank offered rate (**SIBOR**), (iv) the Tokyo interbank offered rate (**TIBOR**), (v) the Hong Kong interbank offered rate (**HIBOR**) or (vi) the bank rate of the Bank of England (the **Bank of England Base Rate**), in each case for the relevant currency and for the relevant period (if applicable), as specified for each in the Final Terms.

Relevant Financial Centre means the financial centre specified as such in the Final Terms or if none is so specified: (i) in the case of a determination of LIBOR, London, (ii) in the case of a determination of EURIBOR, Brussels, (iii) in the case of a determination of

SIBOR, Singapore, (iv) in the case of a determination of TIBOR, Tokyo, (v) in the case of a determination of HIBOR, Hong Kong or (vi) in the case of a determination of the Bank of England Base Rate, London.

Relevant Time means the time specified as such in the Final Terms or if none is so specified: (i) in the case of a determination of LIBOR, 11.00 a.m., (ii) in the case of a determination of EURIBOR, 11.00 a.m., (iii) in the case of a determination of SIBOR, 11.00 a.m., (iv) in the case of a determination of TIBOR, 11.00 a.m. (v) in the case of a determination of HIBOR, 11.00 a.m. or (vi) in the case of a determination of the Bank of England Base Rate, 11.00 a.m., in each case in the Relevant Financial Centre.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest. Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of

days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{DayCountFraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{DayCountFraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{DayCountFraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

- (v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time

being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vi) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(c), by the Agent or the Reference Banks Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) *Accrual of interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(e) *Benchmark Replacement*

This Condition 5(e) applies only to Notes where Benchmark Replacement is specified as being applicable in the applicable Final Terms.

Notwithstanding the foregoing provisions of this Condition 5, if the Issuer (in consultation with the Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and the Interest Amount(s))) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply:

- (i) the Issuer shall use reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, for the determination (with the Issuer's agreement) of a Successor Rate or, alternatively, if the Independent Adviser and the Issuer agree that there is no Successor Rate, an alternative rate (the **Alternative Benchmark Rate**) and, in either case, an alternative screen page or source (the **Alternative Relevant Screen Page**) and an Adjustment Spread (if applicable) no later than three Business Days prior to the relevant Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the **IA Determination Cut-off Date**) for the purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 5(e));
- (ii) the Alternative Benchmark Rate shall be such rate as the Independent Adviser and the Issuer acting in good faith and in a commercially reasonable manner agree has replaced the

Original Reference Rate in customary market usage for the purposes of determining floating rates of interest or reset rates of interest in respect of eurobonds denominated in the Specified Currency, or, if the Independent Adviser and the Issuer agree that there is no such rate, such other rate as the Independent Adviser and the Issuer acting in good faith and in a commercially reasonable manner agree is most comparable to the Original Reference Rate, and the Alternative Relevant Screen Page shall be such page of an information service as displays the Alternative Benchmark Rate;

- (iii) if the Issuer is unable to appoint an Independent Adviser, or if the Independent Adviser and the Issuer cannot agree upon, or cannot select a Successor Rate or an Alternative Benchmark Rate and Alternative Relevant Screen Page prior to the IA Determination Cut-off Date in accordance with sub-paragraph (ii) above, then the Issuer (acting in good faith and in a commercially reasonable manner) may determine which (if any) rate has replaced the Original Reference Rate in customary market usage for purposes of determining floating rates of interest or reset rates of interest in respect of eurobonds denominated in the Specified Currency, or, if it determines that there is no such rate, which (if any) rate is most comparable to the Original Reference Rate, and the Alternative Benchmark Rate shall be the rate so determined by the Issuer and the Alternative Relevant Screen Page shall be such page of an information service as displays the Alternative Benchmark Rate; provided, however, that if this sub-paragraph (iii) applies and the Issuer is unable or unwilling to determine an Alternative Benchmark Rate and Alternative Relevant Screen Page prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) in accordance with this sub-paragraph (iii), the Original Reference Rate and the fallback provisions provided for in Conditions 5(b) and (c) will continue to apply. For the avoidance of doubt, this sub-paragraph shall apply to the relevant next succeeding Reset Period or Interest Period (as applicable) only and any subsequent Reset Periods or Interest Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(e);
- (iv) (subject as provided in Condition 5(e)(vii) below) if a Successor Rate or an Alternative Benchmark Rate and an Alternative Relevant Screen Page is determined in accordance with the preceding provisions, such Successor Rate or Alternative Benchmark Rate and Alternative Relevant Screen Page shall be the benchmark and the Relevant Screen Page in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 5(e));
- (v) if the Issuer, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines that (A) an Adjustment Spread is required to be applied to the Successor Rate or Alternative Benchmark Rate and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or Alternative Benchmark Rate for each subsequent determination of a relevant Rate of Interest and Interest Amount(s) (or a component part thereof) by reference to such Successor Rate or Alternative Benchmark Rate;
- (vi) if a Successor Rate or an Alternative Benchmark Rate and/or Adjustment Spread is determined in accordance with the above provisions, the Independent Adviser (with the Issuer's agreement) or the Issuer (as the case may be), may also specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date and/or the definition of Mid Swap Benchmark Rate or Reference Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate or Alternative Benchmark Rate and/or Adjustment Spread, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 5(e)); and

- (vii) the Issuer shall promptly following the determination of any Successor Rate or Alternative Benchmark Rate and Alternative Relevant Screen Page and Adjustment Spread (if any) give notice thereof and of any changes pursuant to sub-paragraph (vi) above to the Agent and, in accordance with Condition 14, the Noteholders and until the Agent has been so notified the Original Reference Rate and the fallback provisions provided for in Conditions 5(b) and (c) will continue to apply.

Notwithstanding any other provision of this Condition 5(e), no Successor Rate or Alternative Benchmark Rate or Adjustment Spread (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5(e), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as:

- (A) in the case of Senior Non-Preferred Notes and Restricted Senior Preferred Notes, MREL Eligible Liabilities; or
- (B) in the case of Dated Subordinated Notes, Tier 2 capital of the Issuer,

or, in the case of Restricted Senior Preferred Notes and Senior Non-Preferred Notes only, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating a future Reset Date or Interest Payment Date (as applicable) as the effective maturity of the Notes, rather than the relevant Maturity Date.

In these Conditions, the following terms shall bear the following meanings:

Adjustment Spread means either a spread (which may be positive or negative or zero) or a formula or methodology for calculating a spread, which the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines should be applied to the relevant Successor Rate or the relevant Alternative Benchmark Rate (as applicable), as a result of the replacement of the Original Reference Rate with the relevant Successor Rate or the relevant Alternative Benchmark Rate (as applicable), and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is recommended or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (B) in the case of a Successor Rate for which no such recommendation has been made, or option provided, or in the case of an Alternative Benchmark Rate, the spread, formula or methodology which the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines to be appropriate in order to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or Alternative Benchmark Rate (as applicable);

Applicable MREL Regulations means, at any time, the laws, regulations, requirements, guidelines and policies then in effect in Norway giving effect to any MREL Requirement or any successor regulations then applicable to the Issuer, including, without limitation to the generality of the foregoing, CRD IV, the BRRD and those regulations, requirements, guidelines and policies giving effect to any MREL Requirement or any successor regulations then in effect (whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Issuer or to the Issuer and its subsidiaries);

Benchmark Event means:

- (A) the Original Reference Rate has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or
- (B) a public statement by the administrator of the Original Reference Rate that it has ceased, or will cease publishing such Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Original Reference Rate); or
- (C) a public statement by the supervisor of the administrator of the Original Reference Rate that such Original Reference Rate has been or will be permanently or indefinitely discontinued; or
- (D) a public statement by the supervisor of the administrator of the Original Reference Rate that means that such Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally or in respect of the Notes; or
- (E) it has or will become unlawful for the Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable).

CRD IV means, as the context requires, any or any combination of the CRD IV Directive, the CRR and any CRD IV Implementing Measures;

CRD IV Directive means Directive 2013/36/EU of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26th June, 2013 and published in the Official Journal of the European Union on 27th June, 2013 (or, as the case may be, any provision of Norwegian law transposing or implementing such Directive), as amended or replaced from time to time;

CRD IV Implementing Measures means any regulatory capital rules or regulations or other requirements, which are applicable to the Issuer and which prescribe (alone or in conjunction with any other rules, regulations or other requirements) the requirements to be fulfilled by financial instruments for their inclusion in the regulatory capital of the Issuer (on a non-consolidated or consolidated basis) to the extent required by the CRD IV Directive or the CRR, including for the avoidance of doubt and without limitation any regulatory technical standards released from time to time by the European Banking Authority (or any successor or replacement thereof);

CRR means Regulation 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26th June, 2013 and published in the Official Journal of the European Union on 27th June, 2013, as amended or replaced from time to time;

Independent Adviser means an independent financial institution of international repute or other independent financial adviser of recognised standing with relevant experience in the international capital markets, in each case appointed by the Issuer at its own expense

MREL Eligible Liabilities means “eligible liabilities” (or any equivalent or successor term) which are available to meet any MREL Requirement (however called or defined by then Applicable MREL Regulations) of the Issuer under Applicable MREL Regulations;

MREL Requirement means the minimum requirement for own funds and eligible liabilities which is or, as the case may be, will be applicable to the Issuer;

Original Reference Rate means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes (or, if applicable, any other successor or alternative rate (or component part thereof) determined and applicable to the Notes pursuant to the earlier operation of this Condition 5(e));

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable): (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

Successor Rate means the reference rate (and related Alternative Relevant Screen Page or source, if available) that the Independent Adviser (with the Issuer's agreement) determines is a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

6. PAYMENTS

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne or Wellington, respectively); and
- (ii) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in any jurisdiction, but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto.

(b) *Presentation of definitive Notes and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph 8(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used

herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

(d) *General provisions applicable to payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
 - (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
 - (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.
- (e) *Payment Day*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre specified in the applicable Final Terms; and
 - (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.
- (f) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes; and
- (v) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the Final Terms.

(b) Redemption for tax reasons

Subject to obtaining any required prior written consent of the Relevant Regulator as provided in Condition 7(i), the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of Norway or any authority therein having power to tax or any political subdivision thereof, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes;
- (ii) in case of Dated Subordinated Notes, the effect of such obligation is material to the Issuer; and
- (iii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the option of the Issuer (Issuer Call)

Subject to obtaining any required prior written consent of the Relevant Regulator as provided in Condition 7(i), if Issuer Call is specified as being applicable in the Final Terms, the Issuer may, having given:

- (i) not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than a Higher Redemption Amount, in each case as may be specified in the applicable Final Terms.

If **Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (ii) the principal amount outstanding of the Notes to be redeemed multiplied by the price, as reported to the Issuer by the Make-Whole Agent, at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Make-Whole Agent.

If **Non-Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be an amount calculated, and notified in writing to the Agent and the Issuer, by the Make-Whole Agent equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (ii) the sum of the present values of the principal amount outstanding of the Notes to be redeemed and the Remaining Term Interest on such Note (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at the Reference Bond Rate, plus the Redemption Margin.

In this Condition 7(c):

FA Selected Bond means a government security or securities selected by the Make-Whole Agent as having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the remaining term of the Notes;

Gross Redemption Yield means, in respect of a security, the gross redemption yield for such security, expressed as a percentage and calculated by the Make-Whole Agent on the basis set out by the United Kingdom Debt Management Office in the paper Formulae for Calculating Gilt Prices from Yields page 5, Section One: Price/Yield Formulae Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date (published 08/06/1998 and updated on 15/01/2002 and 16/03/2005 (as amended and supplemented from time to time)) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places) or on such other basis as the Issuer may approve;

Make-Whole Agent means an independent investment bank, commercial bank, stockbroker, financial institution or adviser with appropriate expertise appointed by the Issuer at its own expense.

Redemption Margin shall be as set out in the applicable Final Terms;

Reference Bond shall be as set out in the applicable Final Terms or shall be the FA Selected Bond;

Reference Bond Price means, with respect to any date of redemption, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such date of redemption, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Make-Whole Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations;

Reference Bond Rate means, with respect to any date of redemption, the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such date of redemption;

Reference Date will be set out in the relevant notice of redemption;

Reference Government Bond Dealer means each of five banks selected by the Issuer, or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues;

Reference Government Bond Dealer Quotations means, with respect to each Reference Government Bond Dealer and any date for redemption, the arithmetic average, as determined, and notified in writing to the Agent and the Issuer, by the Make-Whole Agent, of the bid and offered prices for the Reference Bond (expressed in each case as a percentage of its nominal amount) at the Quotation Time specified in the applicable Final Terms on the Reference Date quoted in writing to the Make-Whole Agent by such Reference Government Bond Dealer; and

Remaining Term Interest means, with respect to any Note, the aggregate amount of scheduled payment(s) of interest on such Note for the remaining term of such Note determined on the basis of the rate of interest applicable to such Note from and including the date on which such Note is to be redeemed by the Issuer pursuant to this Condition.

All notifications, opinions, determinations, certifications, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Agent or the Make-Whole Agent, shall (in the absence of negligence, wilful default or bad faith) be binding on the Issuer, the Agent, the Paying Agents and all Noteholders and Couponholders.

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

(d) *Redemption at the option of the Noteholders (Investor Put)*

Subject to obtaining any required prior written consent of the Relevant Regulator as provided in Condition 7(i), if Investor Put is specified as being applicable in the Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the

applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(e) *Early Redemption Amounts*

For the purpose of paragraphs (b) and (j) and Condition 10, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Note (other than a Zero Coupon Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Note, at its Early Redemption Amount calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price specified in the applicable Final Terms;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of

days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(f) *Purchases*

Subject as provided in Condition 7(i) the Issuer or any Subsidiary of the Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(g) *Cancellation*

Subject as provided in Condition 7(i), all Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (f) above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(h) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(i) *Consent*

This Condition 7(i) applies to (i) Senior Preferred Notes where this Condition 7(i) is specified as being applicable in the applicable Final Terms (**Restricted Senior Preferred Notes**) (ii) Senior Non-Preferred Notes and (ii) Dated Subordinated Notes.

No early redemption in any circumstances, purchase under Condition 7(f), substitution or variation under Condition 7(l) (in the case of Dated Subordinated Notes) or substitution or variation under Condition 7(m) (in the case of Restricted Senior Preferred Notes and Senior Non-Preferred Notes) shall take place without the prior written consent of the Relevant Regulator (in each case, if, and to the extent, then required by the Relevant Regulator and, in the case of Restricted Senior Preferred Notes and Senior Non-Preferred Notes, by the Applicable MREL Regulations). In addition, in respect of any redemption of Dated Subordinated Notes pursuant to Condition 7(b) or 7(j) only, and except to the extent the Relevant Regulator no longer so requires, the Issuer may only redeem the Dated Subordinated Notes before five years after the Issue Date if the Issuer demonstrates to the satisfaction of the Relevant Regulator that the circumstance that entitles it to exercise such right of redemption was not reasonably foreseeable as at the Issue Date of the last Tranche of the Notes. For

the avoidance of doubt, redemption of Notes under Condition 7(a) or repayment pursuant to Condition 10, shall not require the consent of the Relevant Regulator.

(j) *Redemption of Dated Subordinated Notes upon Capital Event*

This Condition 7(j) applies only to Dated Subordinated Notes and references to **Notes** and **Noteholders** in this Condition shall be construed accordingly.

Subject to obtaining the prior written consent of the Relevant Regulator as provided in Condition 7(i), if a Capital Event occurs, the Issuer may, at its option, on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notices shall be irrevocable and shall specify the date fixed for redemption), at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), redeem all (but not some only) of the Dated Subordinated Notes at the Early Redemption Amount referred to in Condition 7(e), together (if appropriate) with interest accrued to (but excluding) the date of redemption. Upon the expiry of such notice, the Issuer shall redeem the Notes.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

Applicable Banking Regulations means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in Norway including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy adopted by the Norwegian Ministry of Finance and/or the Relevant Regulator from time to time and then in effect (whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Issuer or to the Issuer and its subsidiaries).

A **Capital Event** means the determination by the Issuer, after consultation with the Relevant Regulator, that, as a result of a change in Norwegian law or Applicable Banking Regulations or any change in the official application or interpretation thereof becoming effective on or after the Issue Date of the last Tranche of the Notes, the Dated Subordinated Notes are either partially or fully excluded from the Tier 2 capital of the Issuer. For the avoidance of doubt, any amortisation of the Subordinated Notes pursuant to §16(2)(c) of the Norwegian regulation of 1990-06-01 no. 435 about calculation of risk capital of financial institutions, clearing houses and investment firms (*FOR 1990-06-01 nr 435: Forskrift om beregning av ansvarlig kapital for finansinstitusjoner, oppgjørssentraler og verdipapirforetak*) (or any equivalent or successor provision) shall not comprise a Capital Event.

(k) *Redemption of Senior Preferred Notes and Senior Non-Preferred Notes upon MREL Disqualification Event*

This Condition 7(k) applies only to Senior Preferred Notes and Senior Non-Preferred Notes where this Condition 7(k) is specified as being applicable in the applicable Final Terms, and references to **Notes** and **Noteholders** in this Condition shall be construed accordingly.

Subject to obtaining the prior written consent of the Relevant Regulator as provided in Condition 7(i), if a MREL Disqualification Event occurs, the Issuer may, at its option, on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) redeem all (but not some only) of the relevant Senior Preferred Notes or Senior Non-Preferred Notes at their Early Redemption Amount referred to in Condition 7(e) together (if appropriate) with

interest accrued to (but excluding) the date of redemption. Upon the expiry of such notice, the Issuer shall redeem the Notes.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

MREL Disqualification Event means the determination by the Issuer that, as a result of a change in any Applicable MREL Regulations or any change in the official application or interpretation thereof becoming effective on or after the Issue Date of the last Tranche of the Notes, the Notes will be fully excluded or partially excluded from the eligible liabilities (or any equivalent or successor term) available to meet any MREL Requirement (however called or defined by then Applicable MREL Regulations) if the Issuer is then or, as the case may be, will be subject to such MREL Requirement, provided that a MREL Disqualification Event shall not occur where such exclusion is or will be caused by (i) the remaining maturity of the Notes being less than any period prescribed by any applicable eligibility criteria under the Applicable MREL Regulations, or (ii) any applicable limits on the amount of eligible liabilities (or any equivalent or successor term) permitted or allowed to meet any MREL Requirement(s) being exceeded.

(l) *Substitution or Variation – Dated Subordinated Notes*

This Condition 7(l) applies only to Dated Subordinated Notes and where this Condition 7(l) is specified as being applicable in the applicable Final Terms, and references to **Notes**, **Noteholders** and **Couponholders** in this Condition shall be construed accordingly.

If at any time a Capital Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 19, the Issuer may, subject to the provisions of Condition 7(i) (without any requirement for the consent or approval of the Noteholders or the Couponholders) on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the Notes for, or vary the terms of the Notes (including changing the governing law of Condition 19, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying Subordinated Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the Notes.

Qualifying Subordinated Securities means securities issued directly or indirectly by the Issuer that:

- (i) other than in the case of a change to the governing law of Condition 19 to Norwegian law in order to ensure the effectiveness and enforceability of Condition 19, have terms not materially less favourable to the Noteholders as a class than the terms of the Notes (as reasonably determined by the Issuer, and provided that a certification to such effect of two authorised Directors of the Issuer shall have been delivered to the Agent not less than five Business Days prior to (i) in the case of a substitution of the Notes, the issue of the relevant securities or (ii) in the case of a variation of the Notes, such variation, as the case may be), and, subject thereto, they shall (i) have a ranking at least equal to that of the Notes prior to such substitution or variation, as the case may be, (ii) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Notes prior to such substitution or variation, as the case may be, (iii) have the same redemption rights as the Notes prior to such substitution or variation, as the case may be, (iv) comply with the then current requirements of the Relevant Regulator in relation to Tier 2 capital, (v) preserve any existing rights under the Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of

substitution or variation, as the case may be, or, if none, the Interest Commencement Date, and (vi) where Notes which have been substituted or varied had a published rating from a rating agency immediately prior to such substitution or variation, each such rating agency has ascribed, or announced its intention to ascribe, an equal or higher published rating to the relevant Qualifying Subordinated Securities, unless any downgrade is solely attributable to a change in the governing law of Condition 19 to Norwegian law in order to ensure the effectiveness and enforceability of Condition 19; and

(ii) are listed on a recognised stock exchange, if the Notes were listed immediately prior to such substitution or variation, as selected by the Issuer.

(m) *Substitution or Variation – Senior Preferred Notes and Senior Non-Preferred Notes*

This Condition 7(m) applies only to Senior Preferred Notes and Senior Non-Preferred Notes where this Condition 7(m) is specified as being applicable in the applicable Final Terms, and references to **Notes**, **Noteholders** and **Couponholders** in this Condition shall be construed accordingly.

If at any time a MREL Disqualification Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 19, the Issuer may, subject to the provisions of Condition 7(i) (without any requirement for the consent or approval of the Noteholders or the Couponholders) on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the Notes for, or vary the terms of the Notes (including changing the governing law of Condition 19, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying MREL Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the Notes.

Qualifying MREL Securities means securities issued directly or indirectly by the Issuer that:

(i) other than in the case of a change to the governing law of Condition 19 to Norwegian law in order to ensure the effectiveness and enforceability of Condition 19, have terms not materially less favourable to the Noteholders as a class than the terms of the Notes (as reasonably determined by the Issuer, and provided that a certification to such effect of two authorised Directors of the Issuer shall have been delivered to the Agent not less than five Business Days prior to (i) in the case of a substitution of the Notes, the issue of the relevant securities or (ii) in the case of a variation of the Notes, such variation, as the case may be), and, subject thereto, they shall (A) have a ranking at least equal to that of the Notes prior to such substitution or variation, as the case may be, (B) have the same interest rate and the same Interest Payment Dates as those from time to time applying to the Notes prior to such substitution or variation, as the case may be, (C) have the same redemption rights as the Notes prior to such substitution or variation, as the case may be, (D) comply with the then current requirements in relation to eligible liabilities (or any equivalent or successor term) provided for in the Applicable MREL Regulations, (E) preserve any existing rights under the Notes to any accrued interest which has not been paid in respect of the period from (and including) the Interest Payment Date last preceding the date of substitution or variation, as the case may be, or, if none, the Interest Commencement Date, and (F) where Notes which have been substituted or varied had a published rating from a rating agency immediately prior to such substitution or variation, each such rating agency has ascribed, or announced its intention to ascribe, an equal or higher published rating to the relevant Qualifying MREL Securities, unless any downgrade is solely attributable to a change in the governing law of Condition 19 to Norwegian law in order to ensure the effectiveness and enforceability of Condition 19; and

- (ii) are listed on a recognised stock exchange, if the Notes were listed immediately prior to such substitution or variation, as selected by the Issuer.

8. TAXATION

- (a) Subject as provided in Condition 8(b) below, all payments of principal and interest in respect of the Notes and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Kingdom of Norway or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:
 - (i) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with the Kingdom of Norway other than the mere holding of such Note or Coupon; or
 - (ii) presented for payment by more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6(e)).

The economy in the three counties in which the Bank has its operations, Hordaland, Sogn & Fjordane and Rogaland, are well diversified and the region derives its major revenues from primary industry, especially fish farming and fishing, oil related activities, tourism and trade and commerce. Relatively low unemployment, interest rates, and moderate inflation have contributed to economic development in Norway, as well as the particular counties in which the Bank operates.

The Bank's primary function is to supply financial and insurance services to users in the western part of Norway. The Bank provides a full range of banking products and services to its retail customers and small and medium-sized corporate customers. Sparebanken Vest has maintained its strong position in the retail market. At the end of 2018, the Bank had more than 277,494 retail customers, and it had made great progress in prioritised customer segments.

Loans to retail customers constituted 75 per cent. of the Bank's lending portfolio, corresponding to NOK 121 billion at 31 December 2018 (NOK 112 billion at 31 December 2017). At year-end 2018, Sparebanken Vest had more than 10,000 corporate customers, the highest number ever, with the increase in customers due to targeted efforts, primarily in the SME sector.

The Bank has a higher market share in the counties where it has been operating for many years, and a low market share in Rogaland County and parts of Sogn & Fjordane County.

In Sparebanken Vest's seven regions the competition consists mainly of at least one nationwide competitor, as well as local small savings banks.

In addition to the constant effort to enhance the services the Bank offers with respect to deposits, loans and payments, the degree of self-service continues to rise.

Asset quality/bad debt analysis

Sparebanken Vest was one of the few large banks that went through the bank crisis in Norway in the late 1980s and early 1990s without any financial help from the Savings Banks' Guarantee Fund. Management believes this was a result of both sound credit policy and the right strategic choices. Sparebanken Vest still has a high percentage of its lending portfolio with retail customers, and banks generally face lower losses in this segment.

As at 31 December 2018, defaults and other potential bad debt for the corporate market amounted to NOK 1,045 million (compared to NOK 1,209 million as at 31 December 2017). For the retail market, defaults and other potential bad debt amounted to NOK 338 million (compared to NOK 301 million as at 31 December 2017). Write-downs on loans and guarantees taken against income amounted to NOK 6 million in 2018, compared to NOK 33 million in 2017.

⁴ All amounts are related to the Sparebanken Vest corporate group including Sparebanken Vest Boligkreditt AS.

Risk management

As a financial institution, Sparebanken Vest has risk exposure both on its financial and its operational activities. The Bank has developed systems for monitoring operational risk, and has established a Risk Control Group to monitor all risks in the Bank and to perform continuous internal controls in accordance with current statutory regulations and international standards (EU/Basel II). Credit risk is managed through the Board's guidelines for credit policy, risk profile and authorisations. The guidelines are managed through established procedures for credit ratings, credit committees and reporting of risk classes.

Sparebanken Vest was in 2007 granted permission from the Financial Supervisory Authority of Norway to use Internal Rating Based models in its risk management and measurement for capital adequacy. The Bank applied for the use of Advanced Internal Rating Based (AIRB) models for the commercial market in Q1 2013. In a letter of 9 February 2017, the Financial Supervisory Authority announced that Sparebanken Vest was granted approval to use the AIRB method to calculate regulatory capital requirements for credit risk. The approval applies to the corporate market. The bank has already been granted such approval for the retail market.

Sparebanken Vest's foreign exchange activities are conducted according to policies and limits set by the Board. The interest rate risk is primarily caused by the Bank's holding of bonds based on the authorities' requirements regarding liquid reserves. The interest rate risks are closely monitored and limits are set by the Board and reported on a monthly basis. This risk has been moderate throughout the past years. Investments in equity markets are at a low level in relation to the Bank's balance sheet figures.

Source of funds

The main sources of funds for Sparebanken Vest are customer deposits and the capital markets. The Bank has access to funds in the Norwegian and international markets both on a short and a long term basis. The Bank also receives direct deposits from Norwegian and international banks and large Norwegian enterprises and also has access to the syndicate market. As pricing and availability of funding in the domestic market has been favourable over the past months, a majority of the funding requirements have been covered in Norway. For diversification purposes, Sparebanken Vest aims to increase its funding from international markets. The Bank therefore established its Euro Medium Term Note Programme in 2001, and a covered bond subsidiary is operational and provides access to funding from a broader investor base.

⁶ The table shows the recognised defaults and other potential bad debt, where the total reported is based on definitions pursuant to the Basel regulations (implemented in Norwegian law through "Forskrift om kapitalkrav for banker, kreditforetak, finansieringsforetak, holdingforetak i finanskonsern, verdipapirforetak og forvaltningsselskaper for verdipapirfond mv. chapter 10 'Misligholdte engasjementer'") and Regulation (EU) No 575/2013 of the European Parliament and of the council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012.

Capital adequacy

Figure 4 – Capital adequacy, Basel 1 floor

Figure 5 – Capital adequacy, IRB

The Board annually discusses and decides the Bank's risk and capital tolerance (ICAAP). As well as meeting all regulatory minimum and buffer requirements for Core Tier 1 capital adequacy, the Board has decided that the Bank shall hold a management buffer on top of these requirements. This buffer makes up about one percentage point.

The Bank's Core Tier 1 capital adequacy ratio, taking into account the Basel I floor, was 14.9 per cent. as of 31 December 2018. The Bank meets the current combined minimum and buffer requirement of 12 per cent. and the statutory Pillar II requirement of 1.8 per cent., being in total 13.8 per cent. Core Tier 1 capital, by a margin that is satisfactory in the Bank's view. The management buffer adopted by the Board (approximately 1 per cent.) is also met.

The Bank aims to meet regulatory minimum requirements through maximum use of hybrid capital (1.5 per cent.) and supplementary capital (2 per cent.). As of 31 December 2018, the level of hybrid capital was 1.6 per cent. and supplementary capital 1.9 per cent. The overall capital adequacy as of 31 December 2018 was 18.4 per cent.

On 9 February 2017, Sparebanken Vest was granted approval by the Financial Supervisory Authority of Norway to use the advanced IRB method (AIRB) to calculate regulatory capital requirements for credit risk in the corporate market portfolio. The approval was granted on certain conditions. The Bank had already been granted such approval for the retail market portfolio.

The approval means that the calculation basis was reduced pursuant to the IRB method. Combined with the good quality of the portfolio, this increased Core Tier 1 capital in the first quarter of 2017 by 1.1 per cent to 18.0 per cent. in relation to the fourth quarter of 2016. As of 31 December 2018, the Bank's Core Tier 1 capital adequacy ratio, taking into account IRB, was 17.5 per cent.

Since 1989, the Bank has never had a capital adequacy ratio lower than 8 per cent., and even during the banking crisis in Norway in the early 1990s the Bank never required any capital from the Savings Banks' Guarantee Fund.

As of 31 December 2018, the largest owner of ECs in Sparebanken Vest was Sparebankstiftinga Hardanger which held 19.83 per cent. of the ECs issued. The ten largest owners of ECs in sum accounted for 56.2 per cent. of the ECs issued.

TAXATION

Norway

The following is a general description of certain Norwegian tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Norway of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This overview is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation on Interest

Interest paid to a non-resident holder of Notes will not be subject to Norwegian income or withholding tax. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway. Such tax liability may be modified through an applicable tax treaty.

In a White Paper to the Norwegian Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Norwegian Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest.

Taxation of Capital Gains

A non-resident holder of Notes is not taxed in Norway on gains derived from the sale, disposal or redemption of the Notes. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway. Such tax liability may be modified through an applicable tax treaty.

Wealth Tax

Norway does not levy any property tax or similar taxes on the Notes.

An individual non-resident holder of Notes is not subject to wealth tax, unless the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway. Such tax liability may be modified through an applicable tax treaty.

Transfer Tax

There is currently no Norwegian transfer tax on the transfer of Notes.

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Withholding Tax

(i) *Non-resident holders of Notes*

Under Luxembourg general tax laws currently in force there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the **Relibi Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of currently 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Relibi Law would be subject to withholding tax of currently 20 per cent.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Norway) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional Notes (as described under Condition 16 in "Terms and Conditions – Further Issues") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (such programme agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 3 July 2019 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the **Prospectus Directive**); and
- (b) the expression an **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression **an offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- the expression **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in the Relevant Member State.

Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Some of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Yield

The yield for any particular Series of Notes will be specified in the applicable Final Terms and will be calculated on the basis of the compound annual rate of return if the relevant Notes were to be purchased at the Issue Price on the Issue Date and held to maturity. The Final Terms in respect of any Floating Rate Notes will not include any indication of yield.
